Dear Nikola Stockholders,

As a follow-up to my previous letter, I am reaching out to you related to Nikola’s Annual Meeting of Stockholders. There are four proposals we are asking for your support to approve.

Specifically, **your affirmative vote for Proposal 2**, which will allow us to increase the number of shares of our company's common stock, **is very important**. This proposal requires the majority of all outstanding shares for it to be approved. Therefore, **you must actively vote your shares** so they can be counted **FOR** the proposal. If you don’t vote at all, that is effectively a vote against this proposal.

I have shared more about your important role in our company’s future in a video published on our social channels at <https://vimeo.com/718874124/ef6a474f82>. In addition, more specific information can be found in our proxy statement.

ALL stockholders are encouraged to **VOTE**, including individual holders, regardless of the number of shares you hold. Every vote matters. Stockholders as of the close of business on April 4, 2022, should vote their shares even if they no longer own them.

Voting is Quick and Easy – You Can Vote by Telephone, Internet, or Mail:

- **By Phone:** Please call **Alliance Advisors**, Nikola’s proxy solicitor, toll-free, at [\(855\) 935-2562](tel:(855)935-2562). Overseas voters can call [1-\(207\) 607-7123](tel:1-(207)607-7123). You can also contact **Alliance Advisors** if you have any questions about how to vote your shares.
 - Retail investors, including individual stockholders who purchased shares through app-based brokers, should call the relevant number above.
- **By Internet:** If you hold shares in "street name," you can vote by following the

instructions shared by your broker, bank or other nominee. You can vote through a service provided by your broker by going to www.proxyvote.com. Please make sure you have your control number when visiting the website, which has accompanied this distribution.

- If you are a Robinhood holder, you can vote your shares at www.proxypush.com and follow the instructions you have received.
- **By Mail:** You can vote by completing, signing, dating and returning the proxy card.
- No further action is required if you have already voted your shares.

Voting will remain open until 11:59 p.m., Eastern Time on June 29, 2022, **so we urge you to VOTE TODAY!** The meeting will be held virtually on June 30, 2022, at 9 a.m. Pacific Time.

It is a very exciting time at Nikola. We have started series production on our battery-electric vehicles, which have been shipped to dealers for customer deliveries.
